MAINTENANCE MECHANIC - GENERAL
ROCKLAND COUNTY SEWER DISTRICT NO. 1

The Sewer District is accepting applications for the position of Maintenance Mechanic - General. The job duties of Maintenance Mechanic - General are to perform a wide variety of journeyman-level duties in the maintenance and repair of equipment and buildings in a 28.9 MGD wastewater treatment plant and 27 pumping stations located throughout the collection system; minor construction; mechanical and electrical equipment repair; requisition materials applicable to trade skill; maintain supplies, tools and shop area; maintains records and prepares routine reports; may perform semi-skilled maintenance work in other craft fields; may perform duties such as grounds work, cleaning, snow and ice removal on an emergency basis; may operate trucks, commercial-size motor vehicles or heavy equipment appropriate to the craft and maintenance assignment.

MINIMUM QUALIFICATIONS: Five (5) years of construction and/or maintenance experience in one or more trade skills. (Time spent as a laborer or trade helper will not be considered qualifying).

NOTE: High school, vocational training, technical school training or formal apprenticeship training in a trade skill may be substituted for experience on a year for year basis.

SPECIAL REQUIREMENTS: Possession of a valid CDL driver’s license. Pre-employment medical examination and medical clearance for the use of respiratory equipment.
