

ENGINEER III

HIGHWAY DEPARTMENT, ROCKLAND COUNTY, NEW YORK

The County of Rockland is seeking a candidate to perform professional work of considerable difficulty involving responsibility for the preparation, design, development, construction, maintenance, operation or inspection of public works engineering projects and related duties.

Candidates must possess thorough knowledge of the principles and practices of civil engineering, thorough knowledge of modern methods and techniques as applied to the design, construction and maintenance of public works structures and facilities and thorough knowledge of engineering research and economics.

Minimum Qualifications

Possession of a Professional Engineer's License issued by the State of New York*, the qualifications for which must have included or been supplemented by two (2) years in civil engineering.

*Possession of a license to practice as a Professional Engineer issued by another state is acceptable for temporary or provisional appointment but a New York State license is required prior to permanent appointment.

This position is currently temporary. For more details please call (845) 638-5042.

Please mail, fax or email resume to:
