The Sewer District is accepting applications for the position of Maintenance Helper – Maintenance Department. The laboring duties expected of a Maintenance Helper in the Maintenance Department vary according to assignments. While working with a Maintenance Assistant II assigned to field pumping stations, the duties would be assisting in the inspections and maintenance of the facilities and machinery, i.e. removing debris, landscaping, cleaning the station, etc. In a Line Crew, the duties would involve assisting a Sewage System Mechanic in televising, inspecting and repairing sewer lines, manholes, etc. or responding to emergency situations involving flushing lines, clearing blockages, etc. When assigned to a Maintenance Mechanic, Maintenance Assistant I or II or any other mechanic or technician, the job duties would be assisting in the inspection, repair, preventative and/or corrective maintenance of machinery. Related duties could involve obtaining tools and parts, cleaning work areas, driving assignments, etc.

**MINIMUM QUALIFICATIONS:** None. Maintenance experience a plus.

**SPECIAL REQUIREMENTS:** Possession of a valid driver’s license. Pre-employment medical examination and medical clearance for the use of respiratory equipment.

**HOW TO APPLY:**
