The County of Rockland Department of Planning has reviewed the above item. Acting under the terms of the above GML powers and those vested by the County of Rockland Charter, I, the Commissioner of Planning, hereby:

***\*Recommend the following modifications***

- 1 An updated review must be completed by the County of Rockland Department of Highways and all required permits obtained.
- 2 The Town of Orangetown is one of the reasons this proposal was referred to this department for review. The municipal boundary is along the eastern property line of the site (at the mean high tide water mark) and approximately 380 feet west of the site. As required under Section 239nn of the State General Municipal Law, the Town of Orangetown must be given the opportunity to review the proposed site plan and provide any concerns related to the project to the Village of Grand View-on-Hudson.
- 3 Prior to the start of construction or grading, a soil and erosion control plan shall be developed and in place for the entire site that meets the latest edition of the New York State Guidelines for Urban Erosion and Sediment Control.
- 4 There shall be no net increase in the peak rate of discharge from the site at all design points.

**AMIT GOSWAMI (GV-85A)**

5 The Floodplain Administrator for the Village of Grand View-on-Hudson shall certify that the proposed construction is in compliance with the floodplain regulations of the Village and the Federal Emergency Management Agency.

*The review undertaken by the Rockland County Planning Department is pursuant to, and follows the mandates of Article 12-B of the New York General Municipal Law. Under Article 12-B the County of Rockland does not render opinions, nor does it make determinations, whether the item reviewed implicates the Religious Land Use and Institutionalized Persons Act. The Rockland County Planning Department defers to the municipality forwarding the item reviewed to render such opinions and make such determinations if appropriate under the circumstances.*

*In this respect, municipalities are advised that under the Religious Land Use and Institutionalized Persons Act, the preemptive force of any provision of the Act may be avoided (1) by changing a policy or practice that may result in a substantial burden on religious exercise, (2) by retaining a policy or practice and exempting the substantially burdened religious exercise, (3) by providing exemptions from a policy or practice for applications that substantially burden religious exercise, or (4) by any other means that eliminates the substantial burden.*

*Proponents of projects are advised to apply for variances, special permits or exceptions, hardship approval or other relief.*
