**Re: GENERAL MUNICIPAL LAW REVIEW:** Section 239 N

**Map Date:** 8/30/2017

**Date Review Received:** 12/11/2017

**Item:** **SLAVITA REALTY LLC - 22 SLAVITA ROAD (NS-12D)**

A two-lot subdivision on 0.207 acres in the LDR zoning district. Variances are required for lot area and lot width.

The eastern side of Slavita Road, approximately 225 feet north of Mezritch Road.

**Reason for Referral:**

North Main Street (NYS Route 45), Town of Ramapo, Village of New Hempstead

The County of Rockland Department of Planning has reviewed the above item. Acting under the terms of the above GML powers and those vested by the County of Rockland Charter, I, the Commissioner of Planning, hereby:

***\*Disapprove***

With 9,000 sq. ft. of area and 75 feet of frontage, the existing parcel is only slightly larger than the minimum lot area of 8,400 sq. ft. and minimum width of 70 feet in the LDR zoning district. At 4,500 sq. ft. of area and 37.5 feet in width, the proposed lots are 46% smaller and more narrow than the required minimums. In addition, each lot will only have a 17.5' wide building envelope. It is highly probable that any proposed future development will require additional bulk variances. The County has concerns about not just the overdevelopment of this specific property, but for the precedent set by this development. Every lot within the land area bounded by Slavita Road, Polnoya Road, Mezritch Road, and Fastov Avenue is similar in size to the subject lot. Should neighboring property owners seek similar relief, it will negatively impact the community character and result in a higher residential density prescribed by the zoning regulations. In addition, Article V, Section 3 of the New Square zoning regulations empowers the Board of Appeals to "vary or adapt the strict application for any of the requirements of this law in the case of unusual physical conditions... whereby such strict application would result in practical difficulty or unnecessary hardship that would deprive the owner of the reasonable use of the land or building involved, but in no other case." This property has no unusual conditions. The owner is not subject to any difficulties or unnecessary hardships and can make reasonable use of the land in its current state. The property is a conforming lot that can be fully developed within the limits of current zoning regulations, which includes four-unit multifamily structures as a permitted use. The subdivision must be disapproved.

**SLAVITA REALTY LLC - 22 SLAVITA ROAD (NS-12D)**

The following comments address our additional concerns about this project:

- 1 Permitting development that does not comply with the applicable bulk standards can set an undesirable land use precedent and result in the overutilization of individual sites. The proposed lots are 46% smaller and more narrow than the required minimums of lot area and width. The ability of the existing infrastructure to accommodate increased residential density on undersized parcels is a countywide concern and must be evaluated. This evaluation must consider whether local roads will become more congested and the sewer system, stormwater management systems and the public water supply will be overburdened. The Village must consider the cumulative and regional impacts of permitting such development.
- 2 Because of the limited size of the building envelopes of the new lots, the applicant must include proposed buildings and uses on the site plan in order to determine the extent of future variances and evaluate the potential impacts of the proposal.
- 3 Water is a scarce resource in Rockland County; thus proper planning and phasing of this project are critical to supplying the current and future residents of the Villages, Towns, and County with an adequate supply of water. A letter from the public water supplier, stamped and signed by a NYS licensed professional engineer, shall be issued to the municipality, certifying that there will be a sufficient water supply during peak demand periods and in a drought situation.
- 4 If any public water supply improvements are required, engineering plans and specifications for these improvements shall be reviewed by the Rockland County Department of Health prior to construction. In order to complete an application for approval of plans for public water supply improvements, the water supplier must supply an engineer's report pursuant to the "Recommended Standards for Water Works, 2003 Edition," that certifies their ability to serve the proposed project while meeting the criteria contained within the Recommended Standards for Water Works. These standards are adopted in their entirety in 10 NYCRR, Subpart 5-1, the New York State regulations governing public water systems. Further, both the application and supporting engineer's report must be signed and stamped by a NYS licensed professional engineer and shall be accompanied by a completed NYS Department of Health Form 348, which must be signed by the public water supplier.
- 5 Public sewer mains requiring extensions within a right-of-way or an easement shall be reviewed and approved by the Rockland County Department of Health prior to construction.
- 6 A review shall be completed by the New York State Department of Transportation and any required permits obtained.
- 7 As required by the Rockland County Stream Control Act, the subdivision plan must be reviewed and signed by the Chairman of the Rockland County Drainage Agency before the County Clerk can accept the plan to be filed.
- 8 A review must be completed by the County of Rockland Sewer District #1 and all required permits obtained from them.
- 9 A review must be completed by the Rockland County Department of Health to ensure compliance with Article XIX (Mosquito Control) of the Rockland County Sanitary Code.
- 10 Note 1 on the site plan has the incorrect lot number. In addition, the Section, Block, and Lot number on the Application Review form has been filled out incorrectly. The note and application information must be corrected. The public hearing notice must be reviewed and, if necessary, re-issued.
- 11 The site plan shall contain map notes that include all district information, and a vicinity map with a scale and north arrow. In addition, the site plan bulk table has incorrect requirements for front, side, and rear yards and required parking. The bulk table must be corrected.

**SLAVITA REALTY LLC - 22 SLAVITA ROAD (NS-12D)**

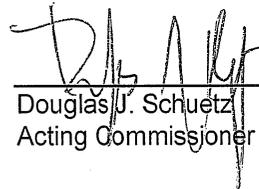

12 Prior to the start of construction or grading, a soil and erosion control plan shall be developed and in place for the entire site that meets the latest edition of the New York State Guidelines for Urban Erosion and Sediment Control.

13 There shall be no net increase in the peak rate of discharge from the site at all design points.

14 Proximity to the Town of Ramapo and the Village of New Hempstead is one of the reasons this proposal was referred to this department for review. The Ramapo town boundary is approximately 360 feet to the east, and the New Hempstead village boundary is approximately 470 feet to the west. As required under Section 239nn of the State General Municipal Law, the Town of Ramapo and the Village of New Hempstead must be given the opportunity to review the proposed subdivision and provide any concerns related to the project to the Village of New Square.

15 Pursuant to General Municipal Law (GML) Section 239-m and 239-n, if any of the conditions of this GML review are overridden by the board, then the local land use board must file a report with the County Commissioner of Planning of the final action taken. If the final action is contrary to the recommendation of the Commissioner, the local land use board must state the reasons for such action.

16 In addition, pursuant to Executive Order 01-2017 signed by County Executive Day on May 22, 2017, County departments are prohibited from issuing a County permit, license, or approval until the report is filed with the County Commissioner of Planning. The applicant must provide to any County agency which has jurisdiction of the project: 1) a copy of the Commissioner report approving the proposed action; or 2) a copy of the Commissioner of Planning recommendations to modify or disapprove the proposed action, and a certified copy of the land use board statement overriding the recommendations to modify or disapprove, and the stated reasons for the land use board's override.

Rockland County Planning Board Members

*\*NYS General Municipal Law Section 239 requires a vote of a 'majority plus one' of your agency to act contrary to the above findings.*

*The review undertaken by the Rockland County Planning Department is pursuant to, and follows the mandates of Article 12-B of the New York General Municipal Law. Under Article 12-B the County of Rockland does not render opinions, nor does it make determinations, whether the item reviewed implicates the Religious Land Use and Institutionalized Persons Act. The Rockland County Planning Department defers to the municipality forwarding the item reviewed to render such opinions and make such determinations if appropriate under the circumstances.*

*In this respect, municipalities are advised that under the Religious Land Use and Institutionalized Persons Act, the preemptive force of any provision of the Act may be avoided (1) by changing a policy or practice that may result in a substantial burden on religious exercise, (2) by retaining a policy or practice and exempting the substantially burdened religious exercise, (3) by providing exemptions from a policy or practice for applications that substantially burden religious exercise, or (4) by any other means that eliminates the substantial burden.*

*Proponents of projects are advised to apply for variances, special permits or exceptions, hardship approval or other relief.*

*Pursuant to New York State General Municipal Law §239-m(6), the referring body shall file a report of final action it has taken with the Rockland County Department of Planning within thirty (30) days after final action. A referring body which acts contrary to a recommendation of modification or disapproval of a proposed action shall set forth the reasons for the contrary action in such report.*
