

**TZ VISTA - 55 GEDNEY STREET (N-64C)**

2 The Town of Orangetown (at the Hudson River) is the reason this proposal was referred to this department for review. The municipal boundary is along the eastern side of the subject property line, at the High Tide Mean Water Line. As required under Section 239nn of the State General Municipal Law, the Town of Orangetown must be given the opportunity to review the proposed special permit and provide any concerns related to the project to the Village of Nyack.

3 A review must be completed by the Rockland County Department of Health to ensure compliance with Article XIX (Mosquito Control) of the Rockland County Sanitary Code.

4 A lighting plan shall be provided that shows fields of illumination. This plan must demonstrate that the intensity of the candle lumens is less than 0.1 at the property line.

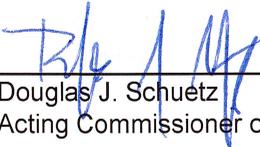

5 The underground parking plan illustrates the layout for the parking, support structures, garbage/recycling enclosures, and stairways. Several of the parking spaces seem tight, and will be difficult to maneuver in to or out of, and are located directly adjacent to a wall. Specifically, the northernmost parking space in the lower level has no turnaround area; and the compact car space at the northern end of the garage would have to back out for quite a distance before it can easily maneuver out of the spot. Lastly, is there an elevator planned in the garage? If so, where is it to be located? These issues should be addressed.

6 Since the surface parking is located in the TFR zoning district, it must be clarified if this use is permitted, as an accessory use to the WF zoning district use.

7 The floodplain Administrator for the Village of Nyack shall certify that the proposed construction is in compliance with the floodplain regulations of the Village and the Federal Emergency Management Agency.

8 The Village of Nyack must confirm that the proposed multi-family development is in compliance with the Local Waterfront Revitalization Plan.

9 As required by the Rockland County Stream Control Act, the subdivision plan must be reviewed and signed by the Chairman of the Rockland County Drainage Agency before the County Clerk can accept the plan to be filed.

*\*NYS General Municipal Law Section 239 requires a vote of a 'majority plus one' of your agency to act contrary to the above findings.*

**TZ VISTA - 55 GEDNEY STREET (N-64C)**

*The review undertaken by the Rockland County Planning Department is pursuant to, and follows the mandates of Article 12-B of the New York General Municipal Law. Under Article 12-B the County of Rockland does not render opinions, nor does it make determinations, whether the item reviewed implicates the Religious Land Use and Institutionalized Persons Act. The Rockland County Planning Department defers to the municipality forwarding the item reviewed to render such opinions and make such determinations if appropriate under the circumstances.*

*In this respect, municipalities are advised that under the Religious Land Use and Institutionalized Persons Act, the preemptive force of any provision of the Act may be avoided (1) by changing a policy or practice that may result in a substantial burden on religious exercise, (2) by retaining a policy or practice and exempting the substantially burdened religious exercise, (3) by providing exemptions from a policy or practice for applications that substantially burden religious exercise, or (4) by any other means that eliminates the substantial burden.*

*Proponents of projects are advised to apply for variances, special permits or exceptions, hardship approval or other relief.*

*Pursuant to New York State General Municipal Law §239-m(6), the referring body shall file a report of final action it has taken with the Rockland County Department of Planning within thirty (30) days after final action. A referring body which acts contrary to a recommendation of modification or disapproval of a proposed action shall set forth the reasons for the contrary action in such report.*
