Re: GENERAL MUNICIPAL LAW REVIEW: Section 239 L and M

Map Date: 7/19/2017

Date Review Received: 9/12/2017

Item: *ASKENAS CHIROPRACTIC GRAMERCY PAIN & REHABILITATION (O-2336)*

Variance for sign area, to permit the installation of a new wall sign for an existing business located in the CO zoning district on .26 acres.

Northwest corner of W. Jefferson Avenue and S. Main Street

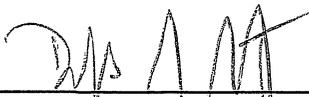

Reason for Referral:

NYS Route 304, Muddy Creek

The County of Rockland Department of Planning has reviewed the above item. Acting under the terms of the above GML powers and those vested by the County of Rockland Charter, I, the Commissioner of Planning, hereby:

****Approve***

1 It is normally our policy to disapprove sign variances as the Town's sign standards are reasonable and should be followed. Granting variances for sign size can often set a precedent for other similar uses to request the same variances, and can cause sight distance problems on state, county, or local roadways. We caution the Town in permitting non-conforming signs, and setting precedent. However, since the parcel is located over 300 feet from the County stream, and over 400 feet from the State highway, the size of the sign will not have an impact to the these facilities. Therefore, we remand this matter for local determination.

**The proposed action is deemed to have no significant negative impact on nearby municipalities, County or State roads or facilities, County Parks or Drainage Systems or the surrounding Neighborhood Character and, therefore, the ACTION IS FOR LOCAL DETERMINATION. Approval does not necessarily mean we endorse this subject action as desirable from the viewpoint of your municipality.*

The review undertaken by the Rockland County Planning Department is pursuant to, and follows the mandates of Article 12-B of the New York General Municipal Law. Under Article 12-B the County of Rockland does not render opinions, nor does it make determinations, whether the item reviewed implicates the Religious Land Use and Institutionalized Persons Act. The Rockland County Planning Department defers to the municipality forwarding the item reviewed to render such opinions and make such determinations if appropriate under the circumstances.

In this respect, municipalities are advised that under the Religious Land Use and Institutionalized Persons Act, the preemptive force of any provision of the Act may be avoided (1) by changing a policy or practice that may result in a substantial burden on religious exercise, (2) by retaining a policy or practice and exempting the substantially burdened religious exercise, (3) by providing exemptions from a policy or practice for applications that substantially burden religious exercise, or (4) by any other means that eliminates the substantial burden.

Proponents of projects are advised to apply for variances, special permits or exceptions, hardship approval or other relief.

Pursuant to New York State General Municipal Law §239-m(6), the referring body shall file a report of final action it has taken with the Rockland County Department of Planning within thirty (30) days after final action. A referring body which acts contrary to a recommendation of modification or disapproval of a proposed action shall set forth the reasons for the contrary action in such report.
