Re: GENERAL MUNICIPAL LAW REVIEW: Section 239 L and M

Map Date: 11/21/2017

Date Review Received: 12/24/2019

Item: **16 RIDGE AVENUE (SV-945)**

A variance application to allow the construction of a two-family dwelling on 0.23 acres in the R-2 zoning district. Variances are requested for lot width, side yard, total side yard, and street frontage.

The eastern side of Ridge Avenue, approximately 250 feet north of West Funston Avenue.

Reason for Referral:

NYS Route 59

The County of Rockland Department of Planning has reviewed the above item. Acting under the terms of the above GML powers and those vested by the County of Rockland Charter, I, the Commissioner of Planning, hereby:

****Recommend the following modifications***

1 Permitting development that does not comply with the applicable bulk standards can set an undesirable land use precedent and result in the overutilization of individual sites. The proposed lot width is 50% of the required minimum. Street frontage is 71% of the required minimum. The side and total side yards are deficient by 33%. The ability of the existing infrastructure to accommodate increased residential density on undersized parcels is a countywide concern and must be evaluated. This evaluation must consider whether local roads will become more congested and the sewer system, stormwater management systems and the public water supply will be overburdened. The Village must consider the cumulative and regional impacts of permitting such development. The size of the building must be reduced.

2 A review must be completed by the Rockland County Department of Health to ensure compliance with Article XIX (Mosquito Control) of the Rockland County Sanitary Code.

3 The applicant must comply with all comments made by the Rockland County Sewer District No. 1 in their letter of February 6, 2019.

4 The applicant must comply with all comments made by the Rockland County Highway Department in their letter of January 7, 2019.

16 RIDGE AVENUE (SV-945)

5 The use of tandem parking spaces prevents egress for vehicles blocked by other vehicles and creates an inconvenient situation for residents. This layout will encourage residents to park vehicles off-site instead of in their designated spaces and negates the purpose of on-site parking requirements. The tandem parking spaces must be reconfigured to allow independent access for all parking spaces.

6 The site plan indicates that a stairway along the southern façade terminates directly adjacent to a parking space. This is a potential hazard for pedestrians exiting the structure. The staircase must be reoriented to eliminate the conflict between pedestrians and vehicles using the parking space.

7 The application form indicates the property receives water service from United Water. The form must be corrected to Suez.

8 The site plan provided has been reduced in size and is not to scale, and is very difficult to read. A full-sized, to-scale site plan must be provided.

9 The NYS Department of State has determined that the Village is not administering or enforcing the State Uniform Fire Prevention and Building Code in accordance with minimum standards set forth in 19 NYCRR part 1203. Given the concerns about the Village's administration and enforcement of the State Uniform Fire Prevention and Building Code initially raised in the Executive Deputy Secretary of State's letter of July 15, 2016, and subsequently again in December 18, 2017, the proposed residential building must be held to the requisite minimum standards and comply with all requirements of this code.

10 Pursuant to General Municipal Law (GML) Section 239-m and 239-n, if any of the conditions of this GML review are overridden by the board, then the local land use board must file a report with the County Commissioner of Planning of the final action taken. If the final action is contrary to the recommendation of the Commissioner, the local land use board must state the reasons for such action.

11 In addition, pursuant to Executive Order 01-2017 signed by County Executive Day on May 22, 2017, County departments are prohibited from issuing a County permit, license, or approval until the report is filed with the County Commissioner of Planning. The applicant must provide to any County agency which has jurisdiction of the project: 1) a copy of the Commissioner report approving the proposed action; or 2) a copy of the Commissioner of Planning recommendations to modify or disapprove the proposed action, and a certified copy of the land use board statement overriding the recommendations to modify or disapprove, and the stated reasons for the land use board's override.

Douglas J. Schuetz
Acting Commissioner of Planning

Anthony R. Celentano P.E.

**NYS General Municipal Law Section 239 requires a vote of a 'majority plus one' of your agency to act contrary to the above findings.*

16 RIDGE AVENUE (SV-945)

The review undertaken by the Rockland County Planning Department is pursuant to, and follows the mandates of Article 12-B of the New York General Municipal Law. Under Article 12-B the County of Rockland does not render opinions, nor does it make determinations, whether the item reviewed implicates the Religious Land Use and Institutionalized Persons Act. The Rockland County Planning Department defers to the municipality forwarding the item reviewed to render such opinions and make such determinations if appropriate under the circumstances.

In this respect, municipalities are advised that under the Religious Land Use and Institutionalized Persons Act, the preemptive force of any provision of the Act may be avoided (1) by changing a policy or practice that may result in a substantial burden on religious exercise, (2) by retaining a policy or practice and exempting the substantially burdened religious exercise, (3) by providing exemptions from a policy or practice for applications that substantially burden religious exercise, or (4) by any other means that eliminates the substantial burden.

Proponents of projects are advised to apply for variances, special permits or exceptions, hardship approval or other relief.

Pursuant to New York State General Municipal Law §239-m(6), the referring body shall file a report of final action it has taken with the Rockland County Department of Planning within thirty (30) days after final action. A referring body which acts contrary to a recommendation of modification or disapproval of a proposed action shall set forth the reasons for the contrary action in such report.
